

Roll Up Banner Stand V602 T Instruction

Spare part list

Cartridge

Base feet

Support pole

Graphic holder

Assemble Instruction

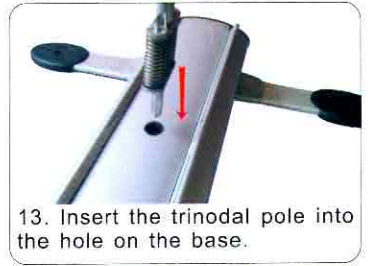

1. Open the graphic holder.

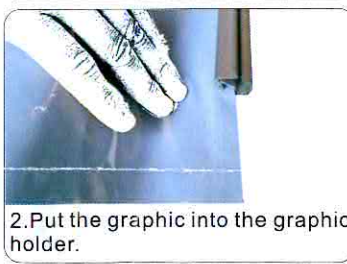

5. Take off the end caps on both sides.

9. Let the slider slip into the slot and vertical align the hole on the base.

13. Insert the trinodal pole into the hole on the base.

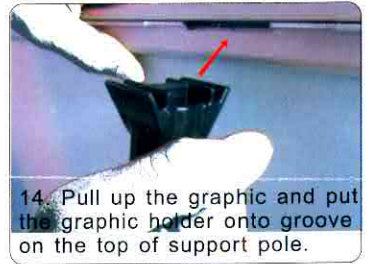

2. Put the graphic into the graphic holder.

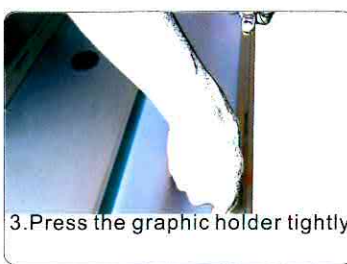

6. Stick the poster on the PVC sheet.

10. Open the lock part and push it in.

14. Pull up the graphic and put the graphic holder onto groove on the top of support pole.

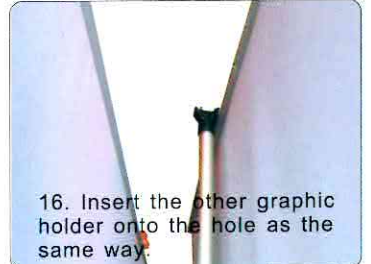

3. Press the graphic holder tightly.

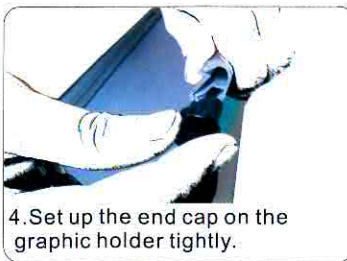

7. Pull out the lock pin.

11. Press the lock part down.

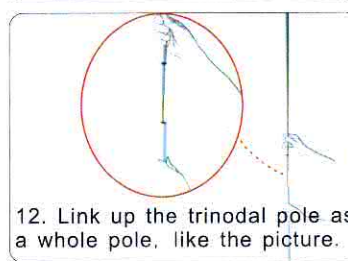

16. Insert the other graphic holder onto the hole as the same way.

4. Set up the end cap on the graphic holder tightly.

8. Scroll the whole poster into the base.

12. Link up the trinodal pole as a whole pole, like the picture.

16. If the spring flicks off, turn the spring as the picture.
